EXPERIENCE

AMAZON - UX DESIGNER

IRVINE, CA - SEPTEMBER 2015 - PRESENT

Deliver end-to-end user-centered experiences. Partner with product management and engineering to successfully go from early stage product concepts to working tools utilizing various design applications, coding, and some scripting technologies. Quickly turn around rigorous flows and design concepts (e.g., sketches, wireframes, mockups) while working in an agile environment.

MYBOOKINGPAL - UX DESIGNER/DEVELOPER - CONTRACT

IRVINE, CA - JULY 2015 - AUGUST 2016

Utilize strong communication skills and help define business requirements while collaborating with marketing and development teams to design and develop applications and implement new functionality.

COSTAR GROUP - UI DEVELOPER

IRVINE, CA - JUNE 2014 - PRESENT

Convert static mockups to semantic, cross-browser HTML/CSS/JS templates in a Microsoft.NET environment. Work alongside programmers to implement code for both desktop and mobile devices.

UNIVERSITY OF MICHIGAN APPLIED PHYSICS - WEB DESIGNER

ANN ARBOR, MI - JUNE 2010 - JULY 2015

Design and implement web applications using Adobe Suite, HTML5, JQuery and JavaScript. Work with staff and faculty to provide ongoing maintenance.

SERRF - FRONT-END UI/UX DESIGNER

COSTA MESA, CA - APRIL 2013 - JUNE 2014

Use HTML, CSS, and JS to develop user-centered pages, templates, prototypes and site content to improve overall site experience. Design clean, fresh and current user interfaces for all media types, such as mobile, desktop and tablet. Work with programmers to integrate front-end and successfully achieve technological solutions.

RED 5 STUDIOS - WEB DESIGNER UI

LAGUNA HILLS, CA - MARCH 2012 - APRIL 2013

Design, sketch ideas and create interactive web mock-ups. Implement web applications using semantic markup language i.e. XHTML/CSS/JS to turn static Photoshop designs into working browser based websites. Work closely with server-side developers for project implementation to develop complex, interactive and database driven websites. Merge and deploy front-end, into production systems using version control systems like Git.

UNIVERSITY OF MICHIGAN COMPLEX SYSTEMS - WEB/GRAPHIC DESIGNER

ANN ARBOR, MI - JUNE 2009- DECEMBER 2012

Develop department newsletter and other promotional materials using Adobe InDesign and Illustrator. Developed and implemented re-design of department website from existing Photoshop files.
