EXPERIENCE

OLARK - SR. PRODUCT DESIGNER

REMOTE - MAY 2017 - PRESENT

Responsible for designing intuitive interactions for complex processes, in both existing and new product categories, that speak to the target market. Illustrate and communicate complex design solutions across use cases by creating documentation, process flows, wireframes, prototypes, and high fidelity mock-ups.

AMAZON - UX DESIGNER II

IRVINE, CA - SEPTEMBER 2015 - MAY 2017

Drive user experiences for Amazon's Appstore for Android devices. Work with Product Manager and teams in the planning process for new features and projects. Develop and iterate on concepts for web, mobile, and tablet design experiences. Communicate and develop design solutions through wireframes, mockups, interactive prototypes and documents for presentation to engineers, managers, peer design teams, and senior executives. Utilize live customer data, market research, and usability studies to refine designs and implement solutions.

MYBOOKINGPAL - UX DESIGNER/DEVELOPER - CONTRACT

IRVINE, CA - JULY 2015 - AUGUST 2016

Utilize strong communication skills and help define business requirements while collaborating with marketing and development teams to design and develop applications and implement new functionality to ensure business requirements are met.

COSTAR GROUP - UI DEVELOPER

IRVINE, CA - JUNE 2014 - SEPTEMBER 2015

Designed, developed, and maintained HTML, CSS, JavaScript, and other front-end technologies for Apartments.com. Responsible for ensuring that the UI is accurately represented on all supported browsers and mobile devices. Contribute in sprint planning and code reviews in an Agile team environment.

UNIVERSITY OF MICHIGAN APPLIED PHYSICS - LEAD WEB DESIGNER

ANN ARBOR, MI - JUNE 2010 - JULY 2015

Design and implement web applications using Adobe Suite, HTML5, JQuery and JavaScript. Work with staff and faculty to provide ongoing maintenance.

SERRF - FRONT-END UI/UX DESIGNER

COSTA MESA, CA - APRIL 2013 - JUNE 2014

Use HTML, CSS, and JS to develop user-centered pages, templates, prototypes and site content to continuously improve overall site experience. Design clean, fresh and current user interfaces for all media types, such as, mobile, desktop and tablet. Work with programmers to integrate front-end and successfully achieve visual and technological solutions.
